13/5/15

To DR B. CHANDRAMOHTAN IAS
The Managing Director,
CMWSSB,
Chennai - 2

Ref: our complaint and your kind grant
of an interview for us.

Dear Sir,
On behalf of our Association, I express
my deep sense of gratitude to you for giving us
a patient hearing when we met you on 30/4/2015,
and subsequently for rendering a SWIFT RELIEF
to our suffering by clearing the clogged drains,
enabling free flow of sewerage and relieving
the stagnation on our roads and in our houses.
Our Residents are grateful to you and to your
Subordinate officers in charge of our area (Zone 173)

However, as we have already expressed,
the main problem is the entry of sewerage into
the STORMWATER DRAINS, especially in the rainy
season, resulting in stagnation and overflow.
We do hope that you will bestow your special
and continued attention to this vexing problem
which could turn out to be a major health hazard.

P.S: We are particularly thankful
to Mr S. DAYALAN, AREA ENGINEER for
his prompt action.

Thanking you,
Yours truly,
B. Biswakumar
